

“ Flying is fun and uplifting and so is the Men's Weekend at St Philip's!

The Men's Weekend is an opportunity outside of weekly worship to meet and build personal relationships with other Christian men. I discovered that we have men in our own community with many talents and unique gifts. Whether it be through their listening, kind words, music, preaching, skits or culinary skills these men bless one another through their sharing. It's a powerful time spent connecting with the men of St. Philip's, both young and old. I was able to form relationships with many who are now good friends.
