

*I could so clearly see God shaping me for this.*

*I remember as a kid, 5 or 6 years old, coming to St. Philip's. My family had moved to Pittsburgh from Syracuse, and we had left a strong community back in New York. As I grew up I remember so much time spent engaged in different ministries that were happening at St. Philip's. I remember going to the first couple of Kidz Kamps. I remember watching my parents help start the youth group, and having it right in our home. I remember the love people showed one another and the commitment to God. When I looked back on my life's path, I could so clearly see God shaping me for this. We do not get that kind of clarity that often, and I thank God for that glimpse. I stayed in contact with Pastor Eric over those years and eventually we had the conversation about coming on board at St. Philip's. God is so faithful. A journey that started as a kid has come full circle. I honestly cannot wait to see what God has for me next.*

—Kory, Youth Ministry Staff Leader
